About Holly Sage Art

Holly Sage Art was founded by designer and artist, Erica Holly Mazzeo. In 2015 Erica headed West to make a life in the Tetons and enjoy the beauty of Jackson Hole, Wyoming.

Using outdoor experiences, Erica quickly began building up a library of imagination and inspiration for her art. Combining her knowledge of design, color theory, & watercolor painting, she carefully crafts each piece. Her stickers and magnets are whimsical and focus heavily on color and the joyful energy of nature.

When not creating art, she enjoys hiking in the woods, silversmithing, having dance parties with her daughter Dakota Sage and spending time with her amazing family and friends.

Welcome to the Holly Sage Art Catalog!

We are proud to be celebrating over a decade in business and excited to share more than 550 hand-drawn, watercolor designs with you. Holly Sage Art is inspired by the natural world in all its forms, with each landscape and experience sparking new works of art.

All Holly Sage Art stickers and magnets are printed with exceptional quality and made to last. Our stickers are produced on premium, waterproof vinyl and are dishwasher safe, while our magnets feature a soft-touch matte finish that customers love to collect and display. We are committed to creating products that are both beautiful and durable.

Our art is created in a studio at the foot of the Tetons in Jackson Hole, Wyoming. We hope you enjoy these thoughtful designs, made with care and collected around the world.
